

## BASIC PLASTIC SLATWALL INSTALLATION INSTRUCTION SHEET

Observe all safety precautions and wear all safety equipment before proceeding.

1. The easiest way to install plastic slatwall is from the floor up. Start by locating the wood studs and proceed to install the first piece of plastic slatwall. Be sure to level the plastic slatwall before screwing into the studs.

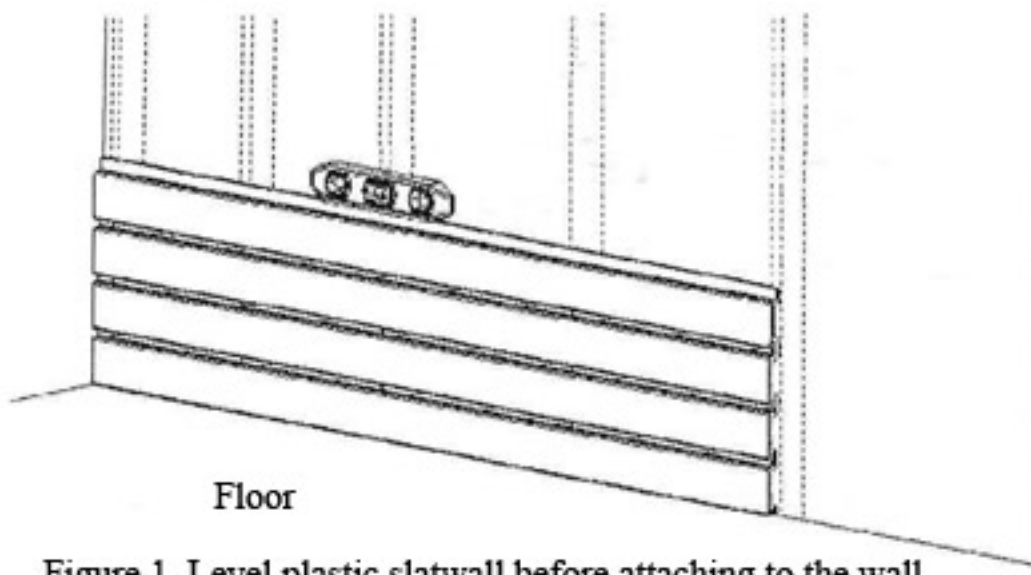

Figure 1. Level plastic slatwall before attaching to the wall.

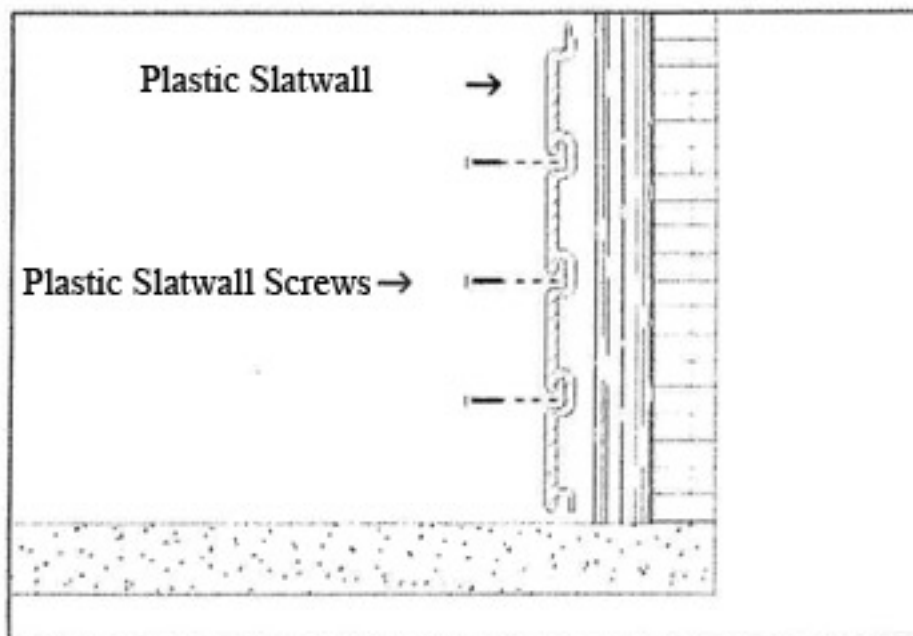

Figure 2. Plastic slatwall installation.

2. Proceed to install the next slatwall row on top of the first leveled row. Rows can be cut horizontally or vertically to accommodate room dimensions, preferably using an electric saw with a thin, sharp blade.
