

Gridwall Mall Kiosk Assembly Instructions

Step 1: With 3 connectors per edge, assemble rear center section consisting of 2 angled panels and 1 panel on each side of angled pair.

Step 2: Repeat for left and right sides.

Step 3: Assemble 4 panel pairs, each creating a 90-degree angle.

Step 4: Install a corner shelf into each pair to secure at a 90-degree angle.

Step 5: Place completed pairs at each corner and connect to rear, left and right center wall sections.

Outfit with gridwall accessories (sold separately) to create your ideal kiosk.
